Text

Hello! My name is Adam, I am twelve years old. I am from Algeria and I live in Rouiba. I am a pupil at Opiniâtre middle school.

I am so happy to tell you about my school. My school is one of the most popular schools in my town. It is spacious and fantastic, there are many classrooms, and a huge schoolyard. My school has six stadiums, four huge canteens, many science labs, and computer rooms. There is also a big library.

In my school, I have very caring and kind teachers. I study many subjects such as: Arabic, French, physics and geography, but my favourite subject is English because I like reading stories and poems. English is a very interesting language.

I also like civic education because every day I learn about my rights and duties. I love my school. It's my second home.
