My House

I live in a house near the sea. It's an old house, about 100 years old, and it's very small. There are two bedrooms upstairs but no bathroom. The bathroom is downstairs next to the kitchen and there's a living room where there's a lovely fire place. There's a garden in front of the house. The garden goes down to the beach and in spring and summer there are flowers everywhere.

I live alone with my dog, Boxer, but we have a lot of visitors. My friends work in the city, they stay with me on wednesdays because they want to relax. I love my house because there are flowers in its garden in summer, the fireplace in winter, but especially the view from my bedroom window.
